Applicant hereby requests issuance of a Certificate of Correction in U.S. Letters Patent No. 7,162,235 as specified on the attached Certificate (Form PTO/SB/44). Please find enclosed documentation supporting errors identified in the above noted patent.

The mistake for which the correction is sought is of a clerical nature and does not involve changes that constitute new matter or require reexamination. The error occurred during the prosecution when the original claim 1 was canceled and claim 2 was amended to be dependent upon claim 8 (rather than claim 1). Neither the preamble in claim 8 nor the preamble in claim 2 were amended to be consistent with each other. This error was carried throughout the remainder of the prosecution and appears in the issued patent.
